Renny and Doug –

Below are your EPA contacts (copied here) for any inquiries that you need to flip our way once the release goes out. Will do the same for questions that we get that are more appropriate for

Wyoming and/or Encana.

I'm also attaching the release with a few minor changes to how we refer to the agency. Is there a link that we should include for access to the investigation document?

Renny – is the Governor still on track for a 3:00 meeting with the release going at 3:30/5:30?
We will wait for you to release before we issue out of our newsroom.
